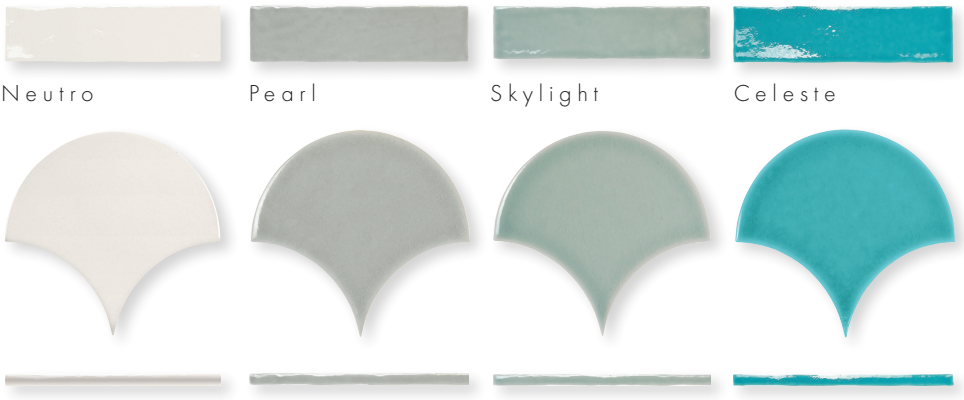
COLOR NOTES



CURATION NOTES

- Leveraging modern tech to achieve classic artisan looks
- Inkjet subtly enhances traditional mineral glazes to increase variation typically found only in long-fired artisanal product.
- Paired with a classic craquele glaze and the escama (fish-scale) format, Dynamic marries artisan flair with modern reliability.
- Color-match edgestick quarter-round for proper finishing.

SEGUIR EN SUS TRECE:
Stubbornly looking for floor 13...
To never give up - and look for solutions even when they aren't thought to exist.

Variation like this is often only found in long-fired ceramics along with the craquele glaze. Dynamic brings a craftsman look to a modern collection with efficient production.
