General Terms & Conditions

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

METHODS OF PAYMENT

We accept VISA, MASTERCARD, INTERACT DEBIT & CASH. Company cheques are accepted by account holder clients only. All sales terms are C.O.D. unless otherwise stated in your Client Account Agreement package. Please ask the sales desk about credit application process or go to: www.centannitile.com/onboarding to fill out the form online.

SAMPLES

4 oz. Sample bottles of most STONETECH products are available for mockups and trials for clients. Please contact your account manager or our customer service desk to request samples.

Grout swatches and other Laticrete promotional material, including ample-swatches of product is available upon request. We do not have sample sizes for mortars, grouts and membranes, If you would like to try any Laticrete products for on-site trials, please send us a request and we will send a request for sampling purposes.

RETURNS

Returns on mortars, grouts, sealers or cleaners will not be accepted. Tools may be returned in Unused and/or unopened state only. 20% restocking fees apply to all returns within 30 days with the original invoice.

SPECIAL ORDERS

Laticrete shipments come regularly from Oregon. All Special orders take 3-4 week's. Expedited shipping is possible and will be quoted prior to order placement. Full payment in advance, including shipping is required for special orders.

CLAIMS

Centanni Tile is an importer of premium tile and installation material and does not manufacture its own material. We work with our vendors to settle any claims on behalf of our clients.

In order for us to effectively do so on your behalf, the following terms apply to all requests to claim against manufacturing defects:

No claims will be accepted for use of wrong material if the products have been installed. It is the responsibility of the client and installation professional to verify all material for adherence to specification and acceptability prior to use in installation.

Original invoice and manufacturer's packaging when possible will be required to review your pending claim.

Please supply us with pictures and description of the perceived issue so we can review and then meet you on-site to offer solutions to rectify the situation prior to installation.

For setting material and substrate failures specifically, we will need a full list of items used in the complete tile assembly including any backer-units, membranes, levelling compounds, primers, mortars, grouts and anything else that is between studs or beams and tiled surface. The more information you can provide, the easier we can find the cause of the issue and settle your claim.

MVP PROGRAM

MVP program found attached to this pricelist is a loyalty points program offered by Laticrete International in partnership with Centanni Tile. Terms & Benefits of the MVP program will be provided in detail prior to signup completion.

Forms and details can be found at the end of the Laticrete section of this pricelist.

MORTAR BEDS

Screed & Drypack

Sometimes the only way to do a job is to return to old-school with a drypack manual mortar bed. For paring walls or floating floors, this time honored construction method can give the best results in a lot of situations. Even traditional thick bed mortars have room for innovation though!

ITEM	LBS/UNIT	UNIT/PLT	LBS/PLT	\$/EA	\$/PLT
226 Thick Bed	61	56	3,466	\$ 29.90	\$ 1674.40
3701 Fortified Grey	61	56	3,466	\$ 61.00	\$ 3416.00

IMAGE	UNIT	SKU	DESCRIPTION	EA/LOT	\$/EA	\$/LOT
	60 LB BAG	LAT 226 GREY 60LB	226 Thick Bed Mortar is a factory prepared blend of carefully selected raw materials, portland cement and graded aggregates. Interior and exterior, wet and dry applications.	1	\$ 29.90	\$ 29.90
	60 LB BAG	LAT 3701 GREY 60LB	3701 Fortified Mortar is a polymer fortified blend of carefully selected polymers, portland cement and graded aggregates. Pumpable for large-scale veneer projects. Can be used as a finish coat in place of Type N or S mortars.	1	\$ 61.00	\$ 61.00
	30 LB BAG	LAT 3701 LITE 30LB	3701 Lite Mortar has carefully selected polymers, portland cement and light weight aggregates. This produces a light weight mortar which can be used in interior, exterior and vertical/overhead rendering applications as well as a mortar bed.	1	\$ 71.50	\$ 71.50

SUBSTRATE PREPARATION

Primers

Ensuring proper bonding of the entire assembly is critical to a lifelong installation. Primers ensure an appropriate bond is achieved between dissimilar materials in the substrate assembly prior to further preparatory steps.

ITEM	LBS/UNIT	UNIT/PLT	LBS/PLT	\$/EA	\$/PLT
Primer Plus 1 Gallon	9.5	192	1,874	\$ 88.75	\$ 17,040.00

IMAGE	UNIT	SKU	DESCRIPTION	EA/LOT	\$/EA	\$/LOT
	1 GAL PAIL	LAT PR PLUS 1GAL	PRIMER PLUS is a premium concentrated multi-purpose primer designed to increase bond strength and maximize the performance of self-leveling underlayments and crack isolation peel and stick membranes on multiple interior substrates such as concrete, gypsum, wood, and more.	1	\$ 88.75	\$ 88.75
	5 GAL PAIL	LAT PR PLUS 5GAL		1	\$ 338.50	\$ 338.50
<div></div>						
	1 GAL PAIL	LAT PRIME-N-BOND1GAL	PRIME-N-BOND is a versatile, ready-to-use, single coat, low VOC primer designed to enhance the adhesion of mortars to many smooth and non-absorptive substrates that can be difficult to bond to.	4	\$ 102.00	\$ 406.00
<div></div>						

SUBSTRATE PREPARATION

Repair & Levelling

Modern tile, especially the larger formats that we specialize in, have much tighter tolerances for substrate deviation from plane. Preparing properly allows your installers an easier & faster time during install and ensures lifelong viability of your investment. Make sure to plan for this most important step - there's plenty of options in Laticrete's NXT line to help optimize you efficiency in time as well as cost.

ITEM	LBS/UNIT	UNIT/PLT	LBS/PLT	\$/EA	\$/PLT
NXT Level Flow	51	56	2,906	\$ 45.60	\$ 2553.60

NXT Patch	26	64	1,714	\$ 44.00	\$ 2,816.00

IMAGE	UNIT	SKU	DESCRIPTION	EA/LOT	\$/EA	\$/LOT
	50 LB BAG	LAT NXT LEVEL FLOW 50LBS	NXT Level Flow is a cement-based, pump friendly, high flowing, easy-to-use floor underlayment for use in leveling interior substrates. Pourable or pumpable.	1	\$ 45.60	\$ 45.60
	55 LB BAG	LAT NXT LPL 55 LBS	NXT Level Plus is a high quality, fiber reinforced, cement-based, free-flowing self leveling floor underlayment for use in leveling interior plywood, OSB, gypsum and concrete substrates.	1	\$ 79.85	\$ 79.85
	25 LB BAG	LAT NXTPAT	NXT Patch is a premium quality, fast-drying underlayment patch designed for use over most substrates. Interior or exterior applications. Fast Drying - ready for finish tile surfaces in 40 minutes.	1	\$ 44.00	\$ 44.00

WATERPROOFING

Liquid & Cementitious Membranes

Water infiltration is the most insidious thing builders and homeowners need to deal with. Especially in a temperate rainforest climate like we have here on the west coast. Whether it's an interior shower, a deck... or even a pool - Laticrete's got the perfect solution for your waterproofing needs.

Shower Pans & Kits

Showers are some of the most common failures in a residence. Thanks to HYDRO BAN® board, niches, benches and options for pre-sloped pans - when used in conjunction with the rest of the HYDRO BAN® system, showers can be one of the easiest things to get right. Save time, money and headaches down the road with one of the most comprehensive shower systems on the market.

ANTI-FRACTURE, ISOLATION & SOUND CONTROL

Tile and stone installations are only as sound as the substrate below them. Prevent cracks in slabs or foundation from transferring through the tile assembly with anti-fracture treatments prior to further preparation. Isolation membranes create a protected enclave for the tile assembly.

Permacolor and Permacolor SELECT cementitious grouts have a broader range of regularly stocked colors. All of our standard palette is stocked in one or both standard cementitious grout options.

Spectralock Pro epoxy and Spectralock 1 single-component grouts are stocked in a more limited color-range.

Please note also that permacolor select can be special-ordered to match most competitive manufacturer's color-ranges to allow your clients flexibility and retain Laticrete's industry leading system warranty.

Custom colors are also available for Permacolor Select range. Minimums apply.

For more information on our grouts, stock and ordering info you can reach us on live chat during business hours at: www.centannitile.com or email us at: info@centannitile.com or call us at the numbers below.

	20-pack carton	Special Order	With PERMACOLOR® Select† AnyColor™ there are no limits on grout color choices. Simply choose a Benjamin Moore® BEHR®, Pantone®, Sherwin-Williams® or color from their vast color palette and in less than two weeks your customer's design vision becomes reality.	20	\$ 1,185.00	\$ 1,185.00
<div>    <div> EQUIPPED WITH  </div> </div>						

PERMACOLOR® Select† is an advanced high performance cement grout that offers the industry's first dispersible dry pigment solution, that does not require sealing. Easy to mix, grout and clean, PERMACOLOR Select is fast setting and is suitable for joints 1/16" to 1/2" (1.5 mm to 12 mm) wide on floors or walls in both interior and exterior applications.

No sealing required – equipped with STONETECH® Sealer Technology

Virtually eliminates batch-to-batch color variation

Vibrant consistent color – resists efflorescence

Fiber reinforced – crack and shrink resistant

Fast setting – ready for foot traffic in 3 hours

Exceeds ANSI A118.7 and achieves ISO 13007-4 CG2FAW

This is a special order and is non refundable. It would have to be paid in full at the time of ordering. Please allow 4 weeks from confirmation and ordering date.

Price includes shipping in the Lower Mainland.

20 pack can do approx 2000 sf of a 12"x24"

GROUTS & SEALANTS

Single-Component Grout & Sealants

For over 60 years, the experts at LATICRETE have developed revolutionary tile grout technology to solve age-old installation grout problems while simultaneously adding design flexibility and color consistency. Simple to use, out of the container solutions for soft control joints, or overall grouting with near epoxy results - there's a premium jointing solution for every job.

Construction Solutions**

MOST VALUED PARTNER

MVP PROGRAM

Mutual Commitment Program

PLEASE NOTE: This Agreement is intended to establish expectations, goals and parameters in establishing a Most Valued Partner Program and to define how the program is to work to the benefit of all parties. It is not a Contract. If MVP purchases do not meet minimums or if MVP Participant decides to stop buying, this agreement may be cancelled by either party. There is no penalty other than loss of Points program, travel award points, special pricing and freight programs.

The agreement is to be completed with all three parties in attendance face to face.

Date of Agreement:		Sales Territory #:	RSM Approval:
LATICRETE Sales Rep Name:			

LATICRETE agrees to:

- Provide to MVP Participant premium customer service through local LATICRETE Sales Representatives, Technical Services, local Plants, and through the LATICRETE executive level management team.

LATICRETE Rep (TSR or DSR and CSR) Initial _____

MVP Distributor Name/Location:		Distributor's LATICRETE Acct #:
Key Contact Name:		Key Contact Email:

MVP Distributor agrees to:

- Honor preferential pricing quoted to MVP Participant on the customized MVP Price List and to arrange special freight terms as necessary. Distributor Contact Initial _____

Contractor Company Name:		Contractor Acct # with Distributor:
Officer of Company: (if different than primary contact)		
Primary Contact Name:		Email:
Physical Address:		Billing Address:
City/State/Zip:		City/State/Zip:
Telephone:		Fax #:

MVP Participant agrees to:

- Certify purchase potential of a minimum of \$30,000 in LATICRETE product per year. (Actual reported purchases below this level could result in cancellation)
- Purchase LATICRETE brand product through designated LATICRETE MVP Distributors.
- Allow LATICRETE to assist in switching specifications of competitive product whenever possible to do so.

MVP Participant Authorized Officer Initial* _____

LATICRETE Points Incentive Program:

LATICRETE has established an exclusive LATICRETE POINTS SYSTEM for all MVPs. These Points accrue as points per dollar of purchases of LATICRETE brand products (based on distributor sell price to contractor) as reported by your selected Distributors. Your selected Distributor(s) MUST report all LATICRETE purchases for the previous quarter within 10 days after the close of the quarter. Line Item reports only. MVP Rebate Coordinator can provide a report template to distributors upon request.

MVPs will garner Points to be used on MANY perks — Visa Gift Cards, LATICRETE Co-Branded Merchandise, LATICRETE Gift Items, Adventure Travel Trips around the world, etc. See the MVP website for a list of benefits you are now eligible for.

Points accrue until redeemed, or expire after 3 years, whichever comes first. LATICRETE Points are accrued back to first dollar purchased in quarter, starting at the beginning of the quarter in which the agreement is completed. Failure to purchase \$30,000 in LATICRETE products annually could result in being dropped from the program. If an MVP DOES NOT purchase any LATICRETE product for (1) calendar year — the MVP could be dropped from the program and all Points will be forfeited as a result.

Agreement must be received at LATICRETE corporate headquarters a minimum of 30 days prior to end of quarter to get credit for that quarters purchases.

We have established (3) Levels of Incentives (See Below):

SILVER — Based upon minimum annual purchases of \$30,000 of LATICRETE Products — Get (4) Points per dollar spent.

GOLD — Based upon minimum annual purchases of \$75,000 of LATICRETE Products — Get (5) Points per dollar spent.

PLATINUM — Based upon minimum annual purchases of \$125,000 of LATICRETE Products — Get (6) Points per dollar spent.

*MVP Primary Contact on page 1 will receive all program correspondence and MVP web login and password information.
