CURATION NOTES

The 2CM E Collection features 2 cm thick porcelain pavers, designed to provide aesthetics and durability for outdoor projects. With their robust construction, these pavers ensure safety while enhancing outdoor spaces. The versatility of porcelain stoneware allows for seamless design, whether through harmonious coordination or bold material contrasts. This collection consistently delivers high visual appeal without sacrificing technical performance or functionality.

WEIGHT LBS/SQFT	9.3	21 - 31	12.5	27 - 36	15 - 50 (stone dependent)

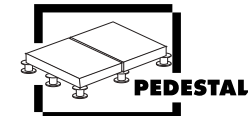

INSTALLING 2-CM-E

Simply remove sod beneath pavers to inset in any lawn. Perfect for walkways with space between slabs.

3-layer system with sand for levelling, coarse aggregate for drainage and finished aggregate for aesthetic topping.

Ideal for decks where drainage, slope and waterproofing are below surface grade. Also interior RAF for HVAC and utilities. We do not stock pedestals but can suggest suppliers if needed.

Can also be mortar-set for technical areas like stairs etc.

BENEFITS

Extra-Thick

Frost Proof

Fade Proof

Thermal Shock Resistant

Acid & Salt Resistant

Easy Cleaning

Easy Install

Easy Removal

Reusable

Allows Drainage

Allows Raised Floor System

2-CM-E Collection

2-CM-E Collection is a color-body, high-def digital porcelain paver with 2cm (3/4") thickness & a rectified edge. As our urban spaces get smaller, it becomes more important to leverage our outdoor habitats. 2-CM-E Collection allows performance and cost-savings with a technical surface that offers seamless transition from indoor flooring. In keeping with our style, we've curated a tight collection that ticks a lot of boxes in progressive formats. We've intentionally kept the color-palette on the lighter side to minimize passive solar gain and ensure your outdoor space isn't too hot for bare feet when in direct sun. Specialty pieces for pools and treads, other colors and sizes are available for special order. Ask us how our porcelain pavers can work for your next job.
