COLOR NOTES

Statuary

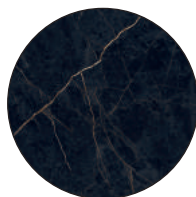

All formats of porcelain & ceramic use the same graphics. Porcelain available in natural matte and glossy finishes in multiple formats. Ceramic available in 12x36" glossy glaze only

CURATION NOTES

- The iconic grey veining and subtle contrast of Statuary makes it one of the most prized of the white marbles for both sculpture and architecture.
- The soft veining makes for an ideal product companion for nearly any thing - imparting elegance without opulence.
- Harnessing multiple scales and formats available in the collection allows for a cohesive, yet engaging look throughout the space by differentiating with grid lines rather than multiple products or colors.
